

# Security and Privacy: How strong is the encryption?

## PPTP

- 128 bit MPPE encryption (strong enough)

## L2TP over IPSec

- Strong AES 128bit & AES 256bit encryption provided by IPSec (very strong)

## SSTP

- Encryption provided by the TLS/SSL layer (very strong)

## OpenVPN

- Encryption provided by the TLS/SSL layer, AES 256 bit encryption (very strong)

Unique solution ID: #1006
